

# MARTIN BABAK

## React Front End Developer

☎ (603) 312-2047   @ martinyis11@gmail.com   🌐 github.com/martinyis   📍 San Jose, CA

### SUMMARY

I have 1 year of non-commercial experience in front-end development, including proficiency in HTML, CSS, JavaScript, and React JS. Demonstrated skills through personal projects and expanding abilities through open source contributions. Seeking internship to apply skills in real-world projects.

### PROJECTS

#### Weather Application

📅 09/2022   📍 Durham, NH

Prototype of a weather app (educational project)

- Implemented a weather website using HTML, CSS, and JavaScript
- Utilized a weather API to display real-time temperature and weather information
- Displayed information for the current location and the next five days
- [Demo](#) & [Code](#)

#### Ecommerce Website

📅 10/2022   📍 Durham, NH

Prototype of a Ecommerce website website (educational project)

- Implemented responsive and adaptive design to ensure website accessibility on a variety of devices
- Utilized BEM class naming for a consistent and organized codebase
- Integrated key features such as product searching, adding to cart, modifying/deleting items, and placing orders using JavaScript
- Utilized local storage to manage product information
- [Demo](#) and [Code](#)

#### Github Jobs

📅 12/2022   📍 Durham, NH

Prototype of a job-listing website (educational project)

- Developed an application using React JS
- Implemented functions such as filtering, searching, and pagination
- Application is fully responsive and designed for use on multiple devices
- [Demo](#) & [Code](#)

### EXPERIENCE

#### Front End Loader

Lowe's   📅 2022   📍 Rochester, NH

- Assisted customers with loading products into their vehicles
- Helped customers in finding products in the store.
- Maintained a safe parking lot by putting carts away
